

## Noah's Ark Party Games

**Feed the Lion-** Take a large box, about the size of half of a refrigerator box and free hand a lion on it. Then paint it in and gave it a little detail. Make a large mouth and cut it out. Have beanbags available for the kids to toss in the mouth. Give them points for each one that goes in the lion's mouth.

**Pin the tail on the Giraffes** - You could use any animal of your choosing for this. Just draw 2 large animals on poster board and play "pin the tail" on with string or make your tails out of felt. Play, as you would with "Pin the Tail on the Donkey".

**Bowling for Monkeys** - Set some pins up (make them using empty 2 liter plastic soda bottles.) Make as many "monkeys" as you have pins. You could just use a coloring sheet of a monkey, copy enough, and color them with markers. Glue or tape them around the front of the bottles. Don't forget to have a ball to bowl with. A kid's small playground ball works well.

**Follow the Leader** - For smaller kids this is a lot of fun. Play "follow the leader" and go through all types of animal motions and sounds. The little ones will enjoy getting into the spirit of things. This also helps them use up all that energy!

**Animal Relay Races** - Have relay races using things like "acting like a bear, growling and raising arms", "hop like a kangaroo", "laugh like a hyenas", "slither like a snake", "swim like a fish", etc.

**Don't forget to have some animal crackers for all of your "animals" to enjoy!**
