

Bible Promises Women's Study Idea

(In conjunction with 'When Life Gives You Lemons' Theme)

Cut out lemon shapes from construction paper. Write out a promise on one side and the verse on the back of the lemon shape. Give one to each lady as they arrive at your function. Have each lady read their promise and verse from their 'lemon'. If you want more participation, have others recall other verses which contain the same promise as the one read, and so on. For more feedback, ask a few ladies to share how those verses helped them through a difficulty.

If you are having a function where most of your ladies won't have their Bibles on hand, make sure you write out the entire verse and not just the reference.
